Financial Counselling Update: November

How can University students save ?

Do you need some help with saving strategies? Most of us can benefit from learning more, using resources, and avoiding pitfalls. Hopefully this helps you.

It may be saving on food shopping, by planning ahead, make a list and stick to it. Plan your meals in advance, avoid wastage and eating out. Try to avoid paying interest on credit cards, or impulse buying. Save on bank fees and charges by using a student friendly bank account (below).
